

Pharmacy tools on BCBSGa's mobile app

Know more on the go

It's never been easier to use your pharmacy benefits — whenever, wherever

When it comes to your health care, we look for ways to give you more value, convenience and control. That's why we're so excited to feature an app that puts decision-making tools where you need them: in the palm of your hand.

Questions?

Please call the Customer Service number on your ID card.

A smart app for a busy life

Using your smartphone and other mobile devices, you can:

- Find an in-network pharmacy near you with *Locate a Pharmacy* or switch to home delivery.
- Browse your medication history and compare the prices of medicines to find ones that cost less with *My Rx Choices*.
- Get reminders to take your prescription the way your doctor and pharmacist want you to using *Pharmacy Care Alerts*.
- Check on an order status, order a refill or repeat a past order in seconds with *Order Status* and *Worry-Free Fills*®.
- Get drug interaction warnings about prescriptions and over-the-counter medicines, vitamins and supplements that may be harmful when taken together using *Medicine Cabinet*.
- Research a drug's potential side effects and other important details with *Drug Information*.

How do you get it?

To access our pharmacy tools, you need to be registered on bcbsga.com. Then:

- Download the BCBSGa app from Google Play (Android) or the Apple Store (iOS).
- Choose the **Prescription Benefits** button on the app's homepage.
- You'll be prompted to download the Express Scripts app..

Once you have both apps on your device, you'll be able to get your pharmacy information directly from the **Prescription Benefits** button on the BCBSGa app.
